Command Builder

SIMULATE REGISTRY PATCH SARA_CORE
DRY_RUN ADMIN

ParseSimulate Structured

Execute Safe BLUE Test

Output

```
{
  "ok": true,
  "service": "WORLD CONTROLLER",
  "mode": "simulate_first",
  "actor": "SSPADAWANZZ_ADMIN",
  "registry_nodes": 6,
  "routes": [
    "/world/ui",
    "/world/status",
    "/world/registry",
    "/world/command/simulate",
    "/world/command/execute",
    "/world/audit"
  ],
  "audit_recorded": 1782316891.1943324
}
```

Guardian

GREEN/BLOCK may execute with confirmation. AMBER requires explicit env unlock. RED/BLACK deny by default.

Oracle

Every command can be simulated before execution.

Ark

Every command receives an Ark restore-point identifier.
